

LIVING SPACES

Honeydew™
— Improvements

OUR MISSION

We refresh your home with the heart of a craftsman, creatively remodeling your space with integrity and compassion.

At HoneyDew Improvements, we're a family-owned business with a passion for helping other families love their homes. Led by Bryan and Yaffa, HoneyDew infuses every remodeling project with craftsmanship, creativity, and heart.

We know how important it is to trust the people you welcome into your home. That's why we approach every opportunity with integrity, clear communication, and a commitment to treating your space with the same respect and attention we would want for our own.

Whether refreshing a single room or helping you care for your forever home, we're here to serve you every step of the way.

Our Values:

Craftsmanship & Creativity

We take pride in combining our vast experience, creativity, and meticulous craftsmanship with your vision to create beautiful spaces you can call your own.

Communication & Trust

We approach every project with integrity and accountability. Through honest, open, and transparent communication, we keep everyone, from our leadership team to our contractors, and most importantly, you, fully informed and engaged every step of the way.

Compassion & Service

We understand how personal it is to welcome others into your home. We approach every opportunity with empathy and heart, keeping your satisfaction as the center of our focus.

Family & Relationships

As a family business, we value relationships. Many of our clients become repeat customers and friends. We're here for you long-term, offering personal attention and hands-on leadership, for today's project, and for tomorrow's needs.

OUR STORY

Our Story

HoneyDew Improvements grew out of Bryan and Yaffa's shared passion for helping others and improving our lives through acts of service.

As a teenager, Bryan apprenticed for a local plumber in Milwaukee's North Shore, where he quickly learned the value of helping people enjoy and care for their homes. This drive to serve others led him to pursue ordination as a Rabbi. After working with a nonprofit Jewish Education organization, Bryan became Chief Technology Officer for a family-owned company, providing virtual technical support to customers nationwide.

Though successful in that role, he missed the personal, hands-on connection that comes from working directly with people. In 2017, he returned to education, while also spending summers helping families improve their homes. As word spread and demand for his expertise grew, Bryan and Yaffa made the decision in 2018 to expand their home improvement work into a full-time business, and that's how HoneyDew Improvements was born.

Bryan's experience blends leadership, technical knowledge, and a deep, hands-on understanding of home systems. In addition to running HoneyDew, he continues to give back to the community through local teen educational programs.

Yaffa spent many years in nonprofit leadership, fine arts education, and mindfulness instruction. With those skills Yaffa brings heart rarely found in the remodeling world. She infuses each project with compassion, synergy and love. Her experience developing fine arts programs for underserved schools taught her a deep appreciation for beauty, function, and the small details that bring meaning and joy to people's lives.

Together, Bryan and Yaffa have three wonderful children, all of whom contribute to the family business in different ways. HoneyDew Improvements remains a true family-first company, where craftsmanship, communication, and care come together to help homeowners create spaces they love.

We are Family Owned and Operated

HoneyDew Improvements is proud to be a family-owned and operated business. Built on trust, care, and dedication, our customers are more than clients, **they're family.**

OUR PROCESS

Proposal and Approval

We begin with a virtual ballpark estimate is a helpful starting point for determining if we're a good fit for your project. Once you approve the estimate, we visit your space to take detailed measurements and discuss your vision in-depth. During this step, we also create your first detailed proposal.

Design and Planning

With a down payment, our design team gets to work turning your vision into reality. Using advanced design tools, we create drawings that allow you to fully visualize your new space. We collaborate with you to finalize materials, finishes, and layouts that fit your style and functional needs. We ensure every detail is perfect before moving forward.

Pre-Construction

As we approach the start date, our team prepares every detail to ensure a smooth process. We handle all necessary permits and ensure your home is ready for construction. This includes discussing how we'll protect your home, which areas will be cleared, and any preparations you'll need to make. During this phase, we'll familiarize you with our communication tools and software, keeping you informed every step of the way.

Construction & Execution

Our skilled craftsmen bring your design to life with meticulous attention to detail and unparalleled craftsmanship. From demolition to installation to the final finishing touches, we handle everything while ensuring the project stays on schedule and meets your high standards. We keep you informed throughout the process with regular updates via phone calls, texts, emails, and our project management software.

Final Walkthrough and Completion

Once the project is complete, we conduct a detailed walkthrough with you to ensure every detail meets your expectations. Any final adjustments are made promptly, leaving your space ready to enjoy.

Post Project Support

We stand by our work with an industry-leading three-year workmanship warranty. Have questions? Need follow-up support? We're here for you long after the project is complete. At HoneyDew Improvements, our commitment to your home and your happiness doesn't end with the final walkthrough.

LIVING SPACES

Transforming your living spaces is one of the most rewarding ways to enhance the comfort, beauty, and value of your home. Whether you're looking to create a peaceful bedroom retreat, a productive home office, or a cozy study, the possibilities are endless. At HoneyDew Improvements, we specialize in reimagining underused or outdated rooms into spaces that support your lifestyle and bring lasting value to your home.

We know that every family—and every room—is unique. Whether you're dreaming of a serene primary suite, a welcoming guest room, a functional workspace, or simply updating your existing space with new finishes, lighting, or layout improvements, we'll help bring your vision to life.

No matter where you are in the process, our team is here to support you. From the first idea through design, material selections, and construction, we'll guide you every step of the way. Already have plans in hand? We can step in and take care of the construction to bring them to life with expert craftsmanship.

At HoneyDew Improvements, we're not just remodeling rooms. We're creating personalized living spaces that enhance daily life and add lasting value to your home.

FAQ's

The Experience:

How do you handle communication throughout a remodel?

We keep it simple and personal. You'll have one main point of contact, usually one of the owners, who checks in regularly. We're always just a call or text away if questions pop up. In addition to phone calls and emails, you will also have access to our project management software, JobTread, where you can easily view your estimates, invoices, communications, and scheduling all in one convenient place. You'll never feel like you're chasing us down or left wondering what's next.

Can you help guide us with design and product choices?

Definitely. Many of our clients know what they don't want, but aren't sure where to start when it comes to choosing fixtures, tile, layout or finishes. We're happy to offer design guidance through our trusted partners. You can also visit our showrooms, or if you prefer, we can bring samples directly to your home, so you can make decisions in the space where they matter most.

Do we need to move out during the remodel?

Usually not. For most remodels or updates, you can stay in your home. We'll work to keep the mess contained and your space as functional as possible. If it's a larger job or involves major plumbing or electrical work, we'll let you know in advance and help you plan accordingly. If you're remodeling your kitchen, we're happy to help set up a temporary cooking space so you can continue caring for your family with minimal disruption.

HoneyDew Advantage:

Do you offer a warranty on your work?

Yes, we stand behind everything we do. Depending on the type of project, our remodeling work includes a one to three year workmanship warranty. If something doesn't seem quite right after we're done, we'll come back and make it right.

Who will be doing the work in our home?

Every person who works with us is someone we would trust in our own home. These are trade partners we've built relationships with over time, and they are people we respect for both their craftsmanship and character. Our team is diverse, experienced, and has been working together for years. Your home will be in the hands of people who care about the quality of the work and the way you and your home are treated along the way.

Are you licensed and insured?

Yes. We're fully licensed and insured in the state of Wisconsin. And, we are additionally licensed with the City of Milwaukee. You can feel confident knowing that you're working with professionals who are committed to taking the time to do things the right way without shortcuts.

Budget:

Do you offer financing or payment plans?

Yes. Through our partnership with Acorn, we offer financing options that connect you with multiple lenders to find competitive rates that work for you. In addition, we structure your project with clearly scheduled payment milestones, so you can plan your budget with confidence. We'll always be upfront about costs.

AWARDS AND ACCOLADES

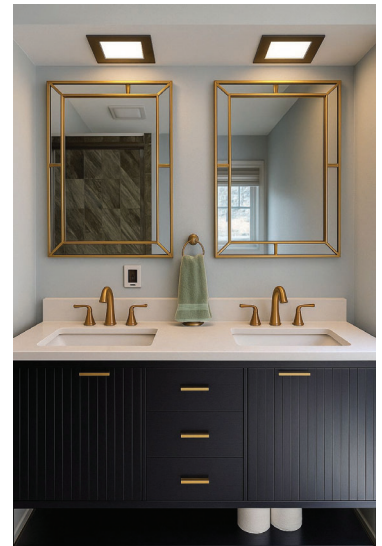

Honey Dew did an incredible job for me. They responded right away after I contacted them. My deck was unusable from age and neglect and I couldn't afford to build a new one. Bryan restored it and did a beautiful job! He is extremely hard working and thorough- to the point where he replaced all the screws in the boards he didn't replace. Plus he was able to do it a month earlier than initially thought. Such a wonderful business to work with!! I LOVE my new deck!

- Ann M.

We hired Honeydew improvements to handle restoration and remodel of our kitchen and master bath after they were severely damaged by a burst drain pipe. Working with them was the best decision we could have made for fixing our home. Bryan and Yaffa are very kind, communicative, and detailed. Would absolutely recommend them to anyone!

-Darian D.

80+ FIVE STAR
CUSTOMER RATINGS

I highly recommend Honeydew Improvements! Great communicators, answered my request quickly, and above all, did an excellent job on my requests! Highly skilled, friendly and knowledgeable! Will definitely call again!

-Kathy L.
